Greetings Sheriff,

On October 22nd 2024, you were the recipient of a notice regarding your updated and clarified authorities as a Nevada Sheriff. We understand that you might find these notices irrelevant to your situation, but we highly suggest that you at least look into our claims. It is paramount for the future of our county and our nation that we go back to the original 'supreme law of the land' and the jurisdiction, where you reclaim your authority, above all other officers of any other governmental department.

You are supposed to be a Common Law Sheriff, the highest elected peacekeeping officials in this country, but you were unlawfully converted into "Pinkertons" --- private Law Enforcement Officers working for a corporation. Surely you have noticed some 'things', and figured out it was never meant to be this way. So, for clarification please find the original 'notice' and a follow up notice identifying your clarified authorities, jurisdiction, and relationship with the American Continental Marshall's.

We, The Nevada State Assembly, are conducting a peaceful reconstruction of our birthright unincorporated American government guaranteed by the unanimous Declaration of Independence, which supersedes all constitutions by date and jurisdiction. The Founding Fathers established this and this is what the American people are owed. So, we have a duty as Americans to honor them, by keeping the peace and doing no harm.

We, the lawful Americans, have corrected our political status and returned to our birthright, co-creating the foundation for all Nevada families to have the opportunity to work together in building a future that is fair and just for the mutual benefit of our State.

Sheriff, you are our highest-ranking law enforcement officer, we welcome you and all Nevadans to join us in the peaceful reconstruction of our lawful government. We would love to connect with you and answer any questions you might have.

Sincerely,

We understand that you might find these notices irrelevant to your situation, but we highly suggest that you at least look into our claims. It is paramount for the future of our county and our nation that we go back to the original 'supreme law of the land' and the jurisdiction, where you reclaim your authority, above all other officers of any other governmental department.

You are supposed to be a Common Law Sheriff, the highest elected peacekeeping officials in this country, but you were unlawfully converted into "Pinkertons" --- private Law Enforcement Officers working for a corporation. Surely you have noticed some 'things', and figured out it was never meant to be this way. So, for clarification please find the original 'notice' and a follow up notice identifying your clarified authorities, jurisdiction, and relationship with the American Continental Marshall's.

We, The Nevada State Assembly, are conducting a peaceful reconstruction of our birthright unincorporated American government guaranteed by the unanimous Declaration of Independence, which supersedes all constitutions by date and jurisdiction. The Founding Fathers established this and this is what the American people are owed. So, we have a duty as Americans to honor them, by keeping the peace and doing no harm.

We, the lawful Americans, have corrected our political status and returned to our birthright, co-creating the foundation for all Nevada families to have the opportunity to work together in building a future that is fair and just for the mutual benefit of our State.

Sheriff, you are our highest-ranking law enforcement officer, we welcome you and all Nevadans to join us in the peaceful reconstruction of our lawful government. We would love to connect with you and answer any questions you might have.

Sincerely,

By: Aaron Michael Lucey
