NOTICE OF DEFAULT JUDGEMENT

Dated this 25th day of June, 2023

**NOTICE TO PRINCIPAL IS NOTICE TO AGENT NOTICE TO AGENT IS NOTICE TO PRINCIPAL IN YOUR
PUBLIC AND PRIVATE CAPACITY
BY AND THROUGH THE ADMINISTRATIVE PROCEDURES ACT OF 1946**

ACQUIESCENCE/NON-RESPONSE TO THE DIRECTIVE FOR IMMEDIATE CEASE AND DESIST THE RELEASE OF ALL CHEMICALS INTO THE ATMOSPHERE AND/OR STRATOSPHERE AND ENVIRONMENTAL CONTAMINATION INCLUDING RADIO FREQUENCY/MICROWAVE RADIATION.

On the 16th of April 2023, the American State Nationals of the Nevada Assembly Land and Soil Jurisdiction issued a "Directive for Immediate Cease and Desist the Release of all Chemicals into the Atmosphere and/or Stratosphere and Environmental Contamination Including Radio Frequency/Microwave Radiation."

By and through the Administrative Procedure act of 1946, you are given final notice and "DEFAULT/JUDGEMENT" must issue for non-response to "NOTICE" by your tacit admission. Collateral-estoppel of any further proceedings and "DEFAULT/JUDGEMENT" must issue.

Acquiescence/Non-response to all statements listed in the aforementioned directive, including but not limited to; Trespassing and assaulting the people on Nevada by protracted daily deployment of aerosolized chemicals into the atmosphere and/or stratosphere including but not limited to aluminum, silver iodide, barium, lithium, sulfur dioxide, strontium, manganese, nano scale elements such as graphene oxide, nuclear biological chemicals, xenobiotic (synthetic biologics), and electromagnetic physical agents; **Gross violation of public trust** as well as flagrant breach of social contract law; Environmental contamination including radio frequency microwave (RF/MW) radiation by ground and space based infrastructures; Weather modification operations planned, funded and executed with the cooperation of organizations including but not limited to, United Nations (UN), World Meteorological Organization (WMO), Federal Weather Enterprises, Global Atmosphere Watch (GAW), International Telecommunications Union (ITU), National Oceanic and Atmospheric Administration (NOAA), US Department Commerce, National Science Foundation, Governors, Central Intelligence Agency (CIA), Federal Communications Commission (FCC), North Atlantic Treaty Organization (NATO), American

*We are the **only** Lawful Government*

Meteorological Society, National Aeronautics and Space Administration (NASA), National Science Foundation, Evergreen, Inc., their agents and other subcontractors and/or representatives releasing substances listed in item 1 and other metal incendiary salts on our people, our land, and waters;
Violations of every United States Constitution: Amendment X: "*The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.*". **Violations of American Public Law**, as Public Servants, including but not limited to Federal, State, or Local corporate government(s). We accept your oath of office, Federal statute in 10 U.S.C. § 502, and Nevada State Constitution Article 15, SEC. 2 as your firm and binding contract between you and us, We the People, whereby you have promised to serve, protect, and defend us, guarantee all of our unalienable rights, and defend the Constitution for the united States of America;

Acquiescence/Nonresponse by Governor Lombardo has resulted in your failure to protect the people on Nevada and as Commander in Chief of the Military forces of Nevada you have failed to conform to and enforce public law.

Acquiescence/Nonresponse by Duane R. Miller, as Major General for the Office of the Provost Marshal, has resulted in your failure to act with integrity and coordinate with the U.S. Department of Defense and other federal, state, local, and international law enforcement agencies to protect the people of Nevada. You have failed your oath and duty to our State and people.

Whereas: Scientific evidence shows this unrelenting cumulative assault causes debilitating chronic and acute diseases such as asthma, diabetes, respiratory ailments, and other deadly conditions. The rights of The People have been violated.

Whereas: Maryland, West Virginia and Pennsylvania banned weather modification by cloud seeding in the 1960s and fined offenders for every occurrence, clearly demonstrating each State's autonomy.

Provenance of Land and Soil Jurisdiction

Whereas: After 1860, all land interests were entered into Territorial Statehood according to The Northwest Ordinance; <https://www.archives.gov/milestone-documents/northwest-ordinance>

Whereas: As of October 2020, all those Territorial States were enrolled officially as States of the Union by those State Assemblies established prior to 1860 entering their unanimous Roll Call Votes upon the Public Record. All 50 (fifty) States are indeed actual States of the Union, owning all land within their borders and free of any Territorial custodial interest. The Corporations, including incorporated Corporations, which have been established in our names ever since 1860, are all interrelated to associations and charters granted by the Kings and Queens and Popes operating in our names via fraudulent assumption of powers never granted to them, and now all those parent corporations are bankrupt and in receivership to us, their Priority Creditors. Any presumption that these corporations are free to run rampant is completely misguided. The charter-interest has simply reverted to the actual owners. These corporations, both Territorial and Municipal, are now standing under Public Law, not private law. If they fail to operate lawfully — a far higher standard than to merely operate legally —

*We are the **only** Lawful Government*

the corporations will be dissolved, and their officers will be arrested.

Living men and women shall not be endangered in any way by lifeless, faceless, unaccountable business organizations and entities, which have no right to exist apart from public tolerance;

Whereas: The only lawful and standing government is The United States of America, our Federation of 50 States of the Union that are lawfully Assembled; <https://tasa.americanstatenationals.org/>

Whereas: All Medical Officers and all General Staff and Reserve and Retired elements of the American Armed Forces, U.S. Armed Forces, UNITED STATES ARMED FORCES, US ARMED FORCES, Hospital Corps, MEDICAL UNITS, Veterans Administration, United States Department of Defense, UN Peacekeepers, DOD Officers, NATO Officers on shore, all elected, appointed, or promoted personnel and their dependents, are required to cease and desist the release of all chemical aerosols by way of cloud seeding and other atmospheric activities being promoted by the Territorial and Municipal United States Governments in Breach of Trust and under False Presumptions of War. All wars have been officially and permanently ended as of the first of August 2021 and we have closed the books on all mercenary conflicts as of June 27, 2022.

Whereas: Each State Assembly is composed of men and women who have properly declared their status as American State Nationals and American State Citizens. We are peaceful, private Americans whose Public Duty is to keep the Peace and Uphold the Public Law; This can be verified through the Public Records: <https://everify.americanstatenationals.us/>

Whereas: The Nevada Assembly is in session and has accepted the Nevada State Trust. Nevada is a State of the Union and a member of The Federation of States operating as The United States of America Unincorporated. **It is our Public Duty to uphold the Public Law.**

Your failure to respond to the second Notice/Directive, Notice of Fault and Opportunity to Cure, puts you in default and judgment is rendered. Your non-response is your tacit agreement for the violations contained therein and you are barred res-judicata for making decisions that impact the quality of the Nevada airways. Your default, serves as an automatic writ of arrest for the violations of spraying and contaminating our airways, water, and land.

Each of you receiving this administrative process is in DEFAULT JUDGEMENT having violated constitutionally protected rights, the laws of the United States, and the laws of Nevada state for your actions listed herein and in prior notices. We the people on Nevada, Americans living on the Land and Soil, the original and highest jurisdiction by treaty, accept your acknowledgement that our fees are now due and will continue to accrue.

You must rebut this "NOTICE OF DEFAULT JUDGEMENT" in writing within 10 days of receiving this notice. Failure to rebut within 10 days of receiving this indicates your acquiescence to the above claims. Per the attached notices (Attachments 1 and 2) and "The Nevada Assembly Notice of Intent-Fee Schedule" (Attachment 3), your fees began to accrue on or before May 1, 2023. We have evidence of at least 20 incidents of spraying between May 1, 2023 and June 25, 2023 so the total amount due as

*We are the **only** Lawful Government*

of June 22, 2023 is \$200,000,000 payable in lawful coin. Future fees will be assessed at a rate of \$100,000,000.00 per day for lack of proof you have discontinued the release of all chemicals into the atmosphere and/or stratosphere and environmental contamination through radio frequency/microwave radiation via a written statement acknowledging the discontinuance. Accepted proof will be a notarized statement that you have stopped said activities. In addition, treble damages will be assessed for every occurrence of spraying from this date forward. See revised Nevada Assembly Fee Schedule (Attachment 4)

Any and all parties alleging any type or form of contractual relationship in this matter have the burden of proof of such and are required by law to present such upon this instant demand; and that failure to respond in ten (10) days in accordance to the Administrative Procedures Act of 1946 is accepted as lawful and legal acquiescence and willful agreement that neither you personally, nor your office, nor any corporation have jurisdiction regarding Nevada airways, water and land;

I, Susan Ysmael-Hulsebus©, Co-Coordinator for the Nevada Assembly, hereby reserve the right to correct any errors along the way in the interest of Truth and Justice;

Done by the light of day this 25th day of June in the year of two thousand twenty-three; submitted without prejudice, all rights reserved.
